

Reinventing Talent Acquisition

A service provided by **Ci** CAREERS
INTERNATIONAL

You can see them...

Nowadays the talents you need are online.

But can you also lead them to water and
make them drink?

In other words, can you make them apply?

OneDayWith helps companies
attracting the right talents by combining:

INTERACTIVE
ONLINE EVENTS

The recorded Live Day is online. You are most welcome to listen to it.

OneDayWith Shell is organised in collaboration with Careers International.

Shell is very pleased to invite you to attend an exclusive presentation about one of its strategic Chemistry projects.

On **11 April** starting at 12:00 hrs (CET), during the Live Day of OneDayWith Shell, **Gerald Schotman**, Chief Technology Officer, **Marjan van Loon**, Vice President Liquefied Natural Gas and Gas Processing and **Liesl Schindler**, Process Research and Development Manager, will share with you "an innovation in small scale liquefaction technology and a sustainable route to producing diphenyl carbonate", a key raw material for polycarbonate.

After the presentation, they will answer your questions and exchange ideas with you through a live chat.

To participate in the Live Day you only need a computer and access to internet.

Live Day: 5 March 2014

International construction - Worldwide opportunities

Welcome to OneDayWith BAM International!

BAM International is one of the leading global contracting companies active in construction and civil engineering. On 'The Live Day' with BAM International, 5 March 2014, you will have the opportunity to be part of one of our key production processes and get an insight into two international project locations. We will guide you through the process of engineering, production, logistics and construction. Our project managers will illustrate the technical and logistical challenges we and you could face at our projects. We will follow a concrete construction element in the development stage in The Netherlands, its transportation from Indonesia to Australia and
